China Nutrition Expert of

PET FOOD

Shandong Luscious Pet Food Co.,Ltd

Company Profile

Shandong Luscious Pet Food Co., Ltd is one of the most experienced pet treats manufacturer in China. The company also has grown to be one of the largest producer of dog & cat treats since its establishment in 1998. It has staff of 2300, consists of 7 high standard processing workshops with capital assets of USD75 millions and export sales of USD67 millions in 2021. All the raw materials are used from the standard slaughter factories registered by CIQ. Also the company has its own 20 chicken farms, 10 duck farms, 2 chicken slaughter factories, 3 duck slaughter factories. Now the products are exporting to US, Europe, Korea, Hong Kong, Southeast Asia etc.

Luscious

- 1998 ● Founded in July 1998, mainly produce dry chicken snacks for the Japanese market.
- 1998 ● ISO 9001 quality system certified .
- 1999 ● HACCP food safety system certified.
- 2000 ● Shandong Luscious Pet Food Research Institute was established, which had three employees and invited experts at the Japan Pet Research Institute to serve as our advisers.
- 2001 ● The company's second plant was completed and put into production, with an annual production capacity of 2000MT.
- 2002 ● The registration of the trademark "Luscious" was approved, and the company began operating this brand in the domestic market.
- 2003 ● The company was registered with the U.S. FDA.
- 2004 ● The company became a member of APPA.
- 2005 ● EU food export registration.
- 2006 ● The company's pet food cannery was built, primarily producing canned food, ham sausages and cat food products.
- 2007 ● The trademark ""Kingman" was registered, and Kingman products are very marketable in a number of cities across the country, including Beijing, Shanghai and Shenzhen.
- 2008 ● Built our own laboratory, could test microorganisms, drug residues etc.
- 2009 ● UK BRC certified.
- 2010 ● The fourth factory has been established with 250000 square meters .
- 2011 ● Start the new production lines of wet food , biscuit , natural bone .
- 2012 ● The company won the industry top ten award of China.
- 2013 ● Start the new production line of dental chew. At the same time the company upgrades and implements organized systems , marketing systems , services systems and ERP management system fully.
- 2014 ● The canned food production dep. Equipped with the automatic filling machine and it makes the company to be the first one to hold it.
- 2015 ● Successfully listed on April 21, 2015. And the share has been named LUSCIOUS SHARE , the code is 832419.
- 2016 ● New pet food factory in Gansu started to build; Duck meal product project started, the workshop officially started production.
- 2017 ● New pet food factory in Gansu started production, production capacity of 18,000 tons per year.
- 2018 ● Expand the area of wet food workshops and increase the productivity of wet food products. The workshop mainly produces canned food, cat strips, boiled meat and other products.
- 2019 ● The company obtained FSSC/GMP/BSCI certificates.
- 2020 ● It is planned to build two main grain workshops and build a freeze-drying upgrade production line to expand the types and productivity of freeze-dried products. It is expected to be completed in 2021.
- 2021 ● It is planned to build two subsidiaries located in Yantai and Yangkou. The company's dry pet food workshop and freeze-drying workshop have been completed and put into production. The company's entire R&D room is under construction, which will provide pets with more healthy and delicious food.

Company Purpose: Produce healthy food, to be the world brand.

Business Concepts: Service first, best faith, good quality, offer for pets.

Sales Network

The treats are popular in six continents

Pet treats manufacturer since 1998 with 250,000 square meters. We have our own labels of LUSCIOUS and KINGMAN. We warmly welcome OEM Orders.

Material from our own farm

quality could be controlled

Team:

The factory has special qualified team of 50 employees working in each procedure of the production. Most of them have more than 10 years of experience in their work.

Material:

All the raw material are from our own farm and the China Inspection and Quarantine registered plant. Each lot of materials will be inspected after coming to the factory. To make sure the materials we use are 100% natural and health.

Production Inspection:

The factory has metal detection, moisture test, high temperature sterilization machine etc. to control the production safety.

Finished Product Inspection:

The factory has developed laboratory with gas chromatography and liquid chromatography machine also with all the machine used for checking of chemical residual and microorganisms. The process are checked and controlled from beginning to end.

The Third Party Inspection:

We also have long-term cooperation with the third party test institution like SGS and PONY. To make sure the validity of all the results from our own lab.
